LETTER FROM THE EXECUTIVE DIRECTOR

As the Executive Director of LALDEF, it is my distinct pleasure to present you with our 2024 Impact Report. In 2024, LALDEF celebrated its 20th anniversary, marking a major milestone in our organization's history. This past year was one of great accomplishments and growth, both for our clients and our organization at large.

It is an honor and a privilege to share this past year's accomplishments with you, and we thank you for joining us to reflect upon and celebrate LALDEF's most impactful year yet.

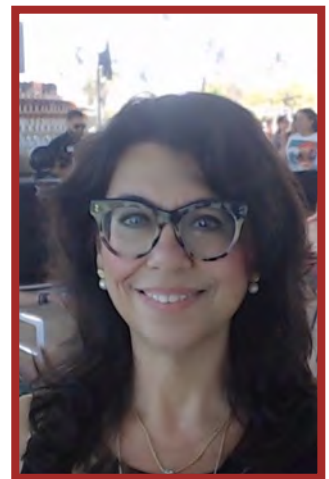

Cecy Jimenez-Weeast, Executive Director

LEGAL SERVICES

CLIENT STORY

A LALDEF client who became a citizen on June 26, 2024, shared with us the following reflection on her experience with our Legal Services Department in Summer 2024:

"The service was excellent, excellent, excellent.

Whenever I needed to talk to LALDEF Legal Services, excellent. Any doubt I had, she answered me as soon as I asked...sometimes when you are applying for something, you do not know what to expect, but everything was explained to me, and I was able to be very calm.

It is a great organization because they know how to help with exactly what you are looking for."

MERCER COUNTY AREA COMMUNITY ID CARDS

The Mercer County Area Community ID program was launched in 2011 through the One Community Coalition after identifying the many obstacles members of our community without identification faced. LALDEF partners with community-based organizations such as the Trenton Area Soup Kitchen (TASK), the Rescue Mission of Trenton, and the Trenton Psychiatric Hospital to provide IDs to any underserved population in need of identification.

The Community ID program offers residents of Mercer County the opportunity to identify themselves, prove their address and have an emergency contact on file at all times.

The Community ID cards provide access to services at:

- Municipal and social service agencies
- Schools
- Clinics
- Food pantries
- Parks
- Post offices
- Libraries

STUDENT STORY...

When we asked a member of FUTURO Familia about the impact the program had on her and on her student, she reflected:

"I'm from Guatemala, I arrived in Trenton in 2011. I came to LALDEF through a friend, she told me about the program and I ran to get help for my girl. Thank goodness they accepted her and here I am receiving training on how to help my daughter with her studies. Thanks to these workshops I can get help that I did not imagine, everything is possible as long as one is willing to look for it. I think the most significant thing about this program is that it opened the doors for all of us to achieve the opportunities that this country offers."

When asked about the most meaningful part of his experience as a FUTURO program participant, a graduating senior from the FUTURO Class of 2024 reflected:

"My experience with the program was great, there were multiple opportunities to get help with tutors and sessions about college like what to look forward to and what you need to know like aid and scholarships. My most meaningful part with LALDEF was the friendships I made with not only [the Program Coordinator] but with my peers being able to help one another and the friendly environment. [FUTURO] helped with my public speaking, [and] the multiple sessions and activities we did helped me gain [skills and confidence for] speaking in front of a crowd."

I did not know English at all. What brings me to LALDEF is to learn English. I have been studying English for 1 year, starting with Level 2L, Level 2R and I am currently studying Level 3L. My experience at LALDEF has been very positive, I felt very welcome from the beginning, my English has advanced, I can express myself better and people can understand me. I would like to tell people that would like to donate to LALDEF to do it because their donation will be very well invested because LALDEF works for a cause and for their mission. I am proof of that."

20TH ANNIVERSARY LEGISLATIVE BREAKFAST

In 2024, LALDEF commemorated its 20th year of service to the low-income immigrant community of Mercer County. This achievement marks a significant milestone in our organization's history, empowering us to reflect on our past, celebrate the present, and prepare for the future. Now, twenty years later, our commitment to supporting and welcoming New Americans has never been stronger. As we look ahead with gratitude for the next twenty years to come, we thank you, the members of our community, for continuing to make this important work possible.
